

Enormous Opportunity!!

Lions International Youth Exchange Program

Host Families Needed!

Students start arriving in December 2010 -2011

Update for the Winter Program

Students listed are currently coming from Australia and Peru

Please see file: Youth Exchange Kids (Winter Session) 2010-2011 for updated list of Exchange Student's assignment to one of our Host Families.

If you can open your homes and hearts to any of these incoming students of the Lions International Youth Exchange Program, it will be greatly appreciated. Please let me know as soon as possible if you can host any of these kids. We need to let the countries know where the students are being placed so that their flight tickets can be purchased. It also gives you the chance to start commutating with one another before their arrival.

Thank You!

Contact Lion Peggy Allen or the committee member in your Region for information on any of these applicants, or for Host Family applications.
